YOU NEED TO REDUCE EMPLOYEE - RELATED EXPENSES

BUT HOW DO YOU START?

A Different Approach

Preventing loss, improving your bottom line

TAKING CONTROL OF EMPLOYEE-RELATED COSTS

Employees are the most valuable asset in any business. Organizations can no longer afford to let their "human capital" go unmanaged. As a business owner, you already know that you have much to do and little time to do it.

At East Coast Risk Management, our mission is to help our clients develop safety and human resource policies and procedures in order to maintain their competitive edge and mitigate risks in their business through our unique and proven outsourcing model.

COST CONTROL SYSTEM

Accident Prevention

- ✓ Accident Investigation

EAST COAST RISK MANAGEMENT RESULTS

East Coast Risk Management impact on total injury costs

East Coast Risk Management's handling of claim cost, cultural improvement and aggressive reduction in frequency drives down employee-related costs, reduces overall business expenses, increases profits and manages client risk. A typical client will see a 93% reduction in their direct injury costs within two years and 2 to 3 times that amount in indirect employee related costs.
